RE: Credentialing Empower Behavioral Health and Developmental Disability
Provider Facilities

Provider,

Empower has begun credentialing behavioral health and developmental disability providers. Beacon Health Options is contracted to provide the behavioral health and developmental disability credentialing functions for Empower. Providers were deemed credentialed during calendar year 2019 and 2020.

Credentialing must be completed by January 1, 2021. In order to update your provider file and to remain an **active** in-network provider, please complete the enclosed credentialing application and applicable Program Addendum(s). This is important, as we must have current information on file to complete our credentialing efforts in compliance with NCQA standards.

Please ensure that you have included all **required** documentation as indicated on the application and addenda checklists and return to us **within 30 days of receipt of this notice** via fax or email.

Beacon Health Options, Inc.

ATTN: Empower Facility Credentialing

For: Email: EmpowerCredentialing@beaconhealthoptions.com

For Fax: 866-307-1991

If you have any questions please contact our National Provider Line at **(800) 397-1630**, between 8 a.m. and 5 p.m. EST, Monday through Friday or Empower Provider Relations at empowerhealthcaresolutionspr@empowerhcs.com.

Thank you for partnering with Empower to provide our members with the highest quality provider network.

Thank you

Empower Healthcare Solutions
